- [New issue of IC RSS 133 - 2 GHz Personal Communication Services](#)
- [Visit us at the IEEE EMC Symposium in Chicago August 2005!](#)
- [TIMCO - Confidentiality of exhibits](#)

Hi,

1. **FCC: UNII - DFS measurement procedure update:**

Here is a timeline for the new DFS conformance requirements and test procedure:

- August-October 2005: Baseline bench tests and live field tests by Federal Government
- Mid-November 2005: NTIA expects to issue a testing report
- Late November 2005: Upon agreement of interested parties, the FCC will release the final test procedures and issue a Public Notice.

Master devices, with radar detection function, will be filed to the FCC only and the FCC will perform Pre-grant tests.

TCBs will be allowed to approve Client devices conditional to the Client tested with an appropriate Master device.

- January 20, 2006: Certification for NII devices in the band 5.25-5.35GHz require DFS capability

- January 20, 2007: All marketed or imported NII devices shall have DFS capability

2. **EU: New publication of ERC RECOMMENDATION 70-03 RELATING TO THE USE OF SHORT RANGE DEVICES (SRD):**

A revised ERC/REC 70-03 list of Short Range Devices is now available for download from our website, revision is as of May 2005:

http://www.timcoengr.com/Download/EU/rec7003e50531_SRD.pdf

[<Back to Top>](#)

3. **EU - Air Traffic Management Equipment under the R&TTE Directive:**

Air Traffic Management Equipment will fall under the R&TTE Directive effective 20 Oct. 2005. No relevant standards are harmonized in the OJ. Consequently, a Notified Body Opinion is required as part of the conformity assessment process.

4. **TIMCO Test labs - EN 301 025 for R&TTE:**

We can now test to EN 301 025 Essential Requirements -

EN 301 025: Electromagnetic compatibility and Radio spectrum Matters (ERM); VHF radiotelephone equipment for general communications and associated equipment for Class "D" Digital Selective Calling (DSC)

[<Back to Top>](#)

5. **TIMCO Test labs - Class D Marine equipment for IC:**

We can now test & approve "D" Class Marine equipment.

6. **New issue of IC RSS 133 - 2 GHz Personal Communication Services:**

IC has released RSS 133 issue 3. This standard came into force as of Saturday June 18th, 2005. This standard can now be used for Certification. The changes can be found at the following link: <http://strategis.ic.gc.ca/epic/internet/insmt-gst.nsf/en/sf01520e.html>

7. **Visit us at the IEEE EMC Symposium in Chicago August 2005!**

Please, come and visit us at the IEEE INTERNATIONAL SYMPOSIUM ON ELECTROMAGNETIC COMPATIBILITY August 8-12, 2005 - Chicago, IL. Our BOTH # is 1107. Please let us know in advance if you need a pass to the exhibit hall.

8. **TIMCO - Confidentiality of exhibits:**

In our ongoing quest to provide the top level of customer service that you deserve, we are asking you to help us to identify your confidential exhibits. When submitting a request letter for confidential treatment of certain exhibits, please identify those exhibits with the word "CONFIDENTIAL" in the filename. For example - if the schematic diagram is meant to be confidential, the file name should be similar to this: "CONFIDENTIAL-Schematic.pdf". This measure will help us ensure that your confidential exhibits are handled correctly.

[<Back to Top>](#)

If you want to be removed from this distribution please let us know.

Best Regards,

Sid Sanders
