**Subject: Timco – Wireless News and Info**

1. [Office closed on September 5](#)
2. [Change on Industry Canada Certificate](#)
3. [Agency Proof for Application of Certification](#)

---

Dear All,

**1. Office closed on September 5**

Our office will be closed on Monday, September 5, 2005 for Labor Day. If you have any applications that you will want approved at this time, please try to submit them to us ahead of time so that they can be reviewed prior to the holiday.  
[<Back to Top>](#)

**2. Change on Industry Canada Certificate**

We have added an additional field on our Industry Canada Certificates for Antenna Information. Previously, we have only asked for antenna gain but we are now also asking for the antenna type. A typical example of this information would be "Yagi, 6dBi" or "Integral". Please use our revised IC Application form, which has a field for this information. Revised forms are available on our web site or by email upon request.

**3. Agency Proof for Application of Certification**

With all applications for certification, please be sure that a representative of the applicant (Certificate Holder) acknowledges and signs and application for certification. if this is not feasible, please provide an Agency Agreement Letter from the Applicant that indicates their contract with the Test Facility that is submitting the application.

If you want to be removed from this distribution please let us know.

Best Regards,

Sid Sanders
