[4. Frequently used Timco Email Addresses](#)

Dear All,

Just a brief note if you want to know more email to Sid (sid@timco.cc) or Bruno (bruno@timcoengr.com) if you have questions.

1. Declaration of Conformity CFR 47 Section 2.906

We have repeatedly been asked to issue a DoC based on another test labs data though we cannot do that. A Third Party is not allowed to issue a DoC for the USA according to FCC. Here is quote from FCC CFR 47 Section 2.906:

" A Declaration of Conformity is a procedure where the responsible party as defined in Section 2.909, makes measurements or takes other necessary steps to ensure that the equipment complies with the appropriate technical standards. Submittal of a sample unit or representative data to the Commission demonstrating compliance is not required unless specifically requested pursuant to Section 2.1076.

Examples of devices subject to DoC include, but are not limited to Class B personal computers and peripherals; CB receivers; super-regenerative receivers; TV interface devices. Devices subject to DoC shall be uniquely identified.

Devices must be tested by a test laboratory accredited by the National Voluntary Laboratory Accreditation Program (NVLAP); the American Association of Laboratory Accreditation (A2LA); or an accredited laboratory designated by the Commission under the terms of a negotiated Mutual Recognition Agreement (MRA)." [End of Quote]

2. RUMOR About TIMCO Application Review

There is a rumor going around in Taiwan & China that says the TIMCO does not review the test reports on applications and so that TIMCO can issue CERTIFICATIONS so fast. This is not the truth! Call the FCC and ask them. The FCC checks on all TCB's including TIMCO. No one could get away with not reviewing an application. The FCC keeps score on how many RT's (Request for Technical information) that they send to a TCB and they have to answer to the assessors when they arrive for an assessment. As a matter of fact, Timco is one of the best TCBs who receive least RT's from FCC.

3. Need Your Help

As all of you know we do our best to review applications within one day, but if we do not get your application we cannot do the review. If you upload an application to us or email it to us you should get an automatic project letter when you upload. Then you should get a Confirmation Email with a job number, confirming that we received application within 48 hours. If you do not get this then please contact us at TIMCO or Mr. Leo Stone in Taiwan or Mr. Gilbert Lui in Hong Kong or Sid Sanders at faq@timcoengr.com . Please DO NOT WAIT FOR A WEEK AND THEN COMPLAIN THAT YOU HAVE NOT RECEIVED YOUR CERTIFICATION. We have had several cases of applications not getting to us. WE CANNOT APPROVE AN APPLICATION UNLESS WE GET THE APPLICATION.
