SUBJECT: Certification for Industry Canada

Hi,

Are you in need of Fast Industry Canada approvals? We are approved and are promising 1 week, soon to be less and our fees are similar to IC's

As you might expect we are on a steep learning curve and the results are that we have had to revise our application guide and our Appendix I & II form. You can get them from our website.

If you have any interest give me a call

If you want to be removed from this distribution please let me know.

Best Regards,
Sid Sanders

EMC/Radio testing and TCB/NB&CAB for worldwide certification services
